Three from two you can't.

says the schoolboy. Right! Three from two you can't, either in dollars or dividends or sarsaparilla. It takes the best sarsaparilla root to make the best sarsaparilla extract. The best sarsaparilla comes from Honduras, C. A., and the Dr. Ayer Co. practically controls the entire product. Yet others claim to be making "best" sarsaparilla. They must be making it out of the remainder left after extracting three from two. But, "three from two you can't." You can't make the best sarsaparilla without best root. You only got the best when you

MAHANOY CITY.

A Man Smothered at a Lime Kiln—Stabbing a Boy.

Mahanoy City, April 13.—At about one o'clock this morning a man whose name has not been learned, and who is a stranger in town, informed Aaron Brownmiller of the death of a man at the lime kiln. The stranger said that about half an hour before, while lying near the kiln, he was awakened by a smothering sensation and upon sitting up he found the stranger lying over him with a gas. He tried to arouse his companion, but was unable to do so and concluded that the man was dead, whereupon he hurried to town to notify the authorities. Chief of Police Hessel and Constable John Lettenbeger went to the kiln and found the body of a man who had evidently been smothered. Deputy Coroner Fogarty searched the clothing and found fifteen cents, a pen-knife, a pair of gloves and a slip of paper bearing the address "1044 East Centre street." Inquiry at the place elicited the information that the victim's name was Joseph Heaster, a man of years of age, and a resident of Lansford. His wife died about a year ago and he leaves three children, the eldest being 18 years old. The stranger who gave the information was subsequently taken into custody and is held pending the inquest. Today a number of the Kropf family identified the deceased as an uncle. Heaster came here yesterday to look for work. The children at Lansford have been notified and the body is held pending their instructions.

At about eight o'clock last night, while on their way home from work, Thomas Ward and William Paul, the latter under the influence of liquor, met four Lithuanians and Paul made a remark that angered them. A fight ensued, during which Ward was stabbed twice in the body part of the left shoulder and Frank Stryker, who ventured to act as peacemaker, was stabbed in the left forearm. Some of the wounds are dangerous. The four Lithuanians were arrested on a Lake-side Electric Railway car, when about to leave for Shamondah, where they live. They were Louis J. Gopier, Daniel Krogger and Peter Youshek. They were taken to jail this morning.

Charles Lynch was arraigned before Justice May last night, charged with assault and battery and receiving stolen goods on a minor Thomas Gillespie, who is employed as an oiler at the Maple Hill college. The parties reside at Maple Hill.

ATTEMPTED SUICIDE. Two Attempts Were Made by John Finerman, Neighbor of Thom Proving Plant.

John Finerman, an aged resident of Jackson, and employed as night watchman at the Ketchikan colliery, twice attempted to commit suicide at his home yesterday afternoon. He has been dependent for some time, which is attributed as the cause for the deeds. His first attempt was made before leaving home to go to work, this one being foiled by members of the family appearing on the scene. He left home and half an hour later his body was found lying alongside the Leke-side electric tracks, midway between Jackson's and Fowler's.

An examination showed that he had two bullet wounds in his head. A 28-caliber revolver was found lying by his side next to two empty chambers. Finerman had pointed the revolver at his head and fired, the bullets grazing the right side of his face and tearing furrows in the flesh. He was removed to his home, where the family physician dressed his injuries. The wounds inflicted are not of a serious nature.

POTTSVILLE NEWS.

Policy of the New County Commissioners is Criticized.

Pottsville, April 13.—The Poor Directors were in session yesterday afternoon, having under consideration a communication from the State Board of Charities as to the management of the insane department at the almshouse. The Directors framed an answer to the Board of Charities and forwarded the same today. They refuse to make public its contents. It is understood they will again ask court for an appropriation to enable them to make the improvements to the insane department that were recommended, some five ago and which are now insisted upon by the State Board of Charities. The Poor Directors have no funds for this purpose and must make their application to court through the County Commissioners.

WASAWAKA'S BIRTHDAY. The thirtieth annual banquet in honor of Henry Clay was held last evening at the Park Hotel by the Central Republican Club. The guest of honor was H. J. John Wamanager, of Philadelphia, who is a candidate for Governor before the Republican state convention.

The banquet was presided by a public meeting of the citizens of Pottsville, the Philadelphia merchant princes. The banquet was an elaborate affair and covers were laid for 100 members and guests. There were but three speeches. Charles A. Snyder, Esq., recently appointed Controller, responded to the toast "The Dignity of American Citizenship." Prof. S. A. Thurlow, of Pottsville, talked on the theme, "Our Foreign Relations," and Mr. Wamanager closed with an able address on "Patricianism and Politics." Speaking of an American-Spanish trouble, he said "If Spain were to take the Maine she should be punished, but if it was only sent hospitality, then we should give her a patient hearing. From that little cemetery in Cuba fingers are pointing out to the flag and to the homes of the men who perished by the explosion. We will not forget them, and if it might will avenge them. He is not in favor of mining coal for the war vessels when it could be used under the boilers of industries. It is better to hear the wheels of industry than the creak of cannon. And so we pray for the country, for the President, for peace and prosperity." Mr. Wamanager closed his speech by referring to corruption in state affairs and urged all to do all in their power to work to bring about a better order of things.

The banquet was a grand success in every respect. W. H. J. Leach, of Wm. Penn, was present, but Shamondah was not represented. The utter heartlessness of politics was never more fully brought out than in the turning down of Horace F. Reber, chief clerk to the commissioners. Although an able and obliging official, he must go out.

BRAND NAMES. W. F. Shepley, Democratic county chairman Joseph Meyer, Court Vice Gruber, Assistant District Attorney Basore and Philip Recanensi were among the patriots who heard Bryan's speech at Reading last night. Mr. Basore says Bryan's reputation as an orator has not been exaggerated.

APPOINTMENTS WITHHELD. There is no denying the fact that dissatisfaction exists over the appointments made by the new County Commissioners. Commissioner Meyers was near enough to take part in yesterday's meeting, but he absented himself. Some members of the Taxpayers Association have expressed displeasure over the latest development.

The Hoax Kicked. A crowd was attracted to West Centre street, near Main street, this morning by a noise coming from the tracks and a dog barking and snapping at it. The dog, by the way, has been a nuisance for some time and the Chief Burgess or High Constable, should notify the owner, who resides at the corner of Centre and Chestnut streets.

Still Leaving Delano. Four more crews, composed of six men each, have been notified to prepare to make Mt. Carmel their home in the future, instead of Delano. They haul coal from collieries in the vicinity of Mt. Carmel.
